

COMPLIMENTARY Periodical Maintenance 1 YEAR / 1 500 HOURS

An advanced service support solution for your PC210-10MO

When you own and operate Komatsu equipment, you get more than a high-tech, hardworking machine, you also get strong commitment from Komatsu to deliver a world class ownership experience.

LOWER YOUR COST OF OWNERSHIP

With Periodical Maintenance **1 YEAR/1 500 HOURS**, the cost to own and operate your equipment is reduced.

PROTECT THE VALUE OF YOUR EQUIPMENT

With Genuine Komatsu parts and complete OEM maintenance history you are protecting the future value of your investment.

SINGLE SUPPLIER END-TO-END SOLUTION

Our factory trained and certified technicians will maintain your equipment as per Komatsu Operation and Maintenance Manual Standards.

AN ADVANCED SERVICE SUPPORT SOLUTION

The combination of our Warranty, Complimentary Periodical Maintenance and KOMTRAX® remote monitoring give you an advanced customer support solution. Our commitment is to deliver durable parts and reliable service in a timely manner to ensure your machine's performance is never compromised. Our mission is to deliver true end to end solutions from a single supplier.

Regardless of whether your new Komatsu machine is leased or purchased, Complimentary Periodical Maintenance with KomCare* will provide complimentary servicing for the **first year or 1 500 hours** (whichever occurs first) and offers an extensive list of inclusions. Complimentary Periodical Maintenance is available at the time of sale.

Periodical Maintenance Servicing	Regular Preventative Maintenance servicing at 250 hrs, 500 hrs, 1 000 hrs and 1 500 hrs service intervals.
Komatsu Branch Support	High quality products from local branches, with Komatsu factory trained technicians.
Machine Reports	Machine inspection and service report summary of tasks completed as well as Machine Condition Report identifying defects, safety and general concerns.
Oil Analysis	Komatsu Oil Wear Analysis Sampling to allow detection of trend changes in your lubricants.
Komatsu Lubricants	Our range of Komatsu Genuine Lubricants incorporates a specially formulated additive package which provides superior protection for Komatsu equipment.

Following the standard Complimentary Periodical Maintenance period, an optional Extended Maintenance Program is also available. This will ensure peace of mind, knowing that only genuine Komatsu parts and lubricants are used throughout, with servicing done by Komatsu technicians, to ensure maximum productivity and up-time of your equipment. For further details contact your nearest Komatsu branch.

Komatsu Complimentary Periodical Maintenance provides **SERVICING** for the first year or 1500 hours, including machine inspections, oil analysis, labour, lubricants, travel and service scheduling.

Receive **UNLIMITED ACCESS** to **KOMTRAX®**, Komatsu's technologically advanced remote monitoring data system

- Improve fleet utilisation
- Lock your machine remotely.
